D. Dinis Professional Agricultural School.

This is a public School that supports the teaching within the scope of the Equine Management Technician Course, the CEF for Equine Training and the Agricultural Production Technician Course.

Located in the periphery of Lisbon, The Equestrian Center has two covered arenas, one uncovered, a teaching obstacle course and supporting infrastructures.

In Google Maps or Waze put: *Paia Equestrian Centre*

The Hippotherapy Project is developed within the scope of the Protocol with the Municipality of Odivelas. Receiving more than 80 students per year with Special Health Needs and lasts a school year. It is inserted in the municipality's public education system and framed in the Learning Support Centers.

Museum of the School
