SVÍTÁNÍ ACADEMY®

INTERNATIONAL PRIVATE CONSULTANCY

EQUINE ASSISTED SERVICES

Start or develop your EAS centre.

From the first concept to a functioning service, with experienced guidance at every stage of development.

Expert consultancy for founders, healthcare institutions and established EAS organisations. Every project is considered in its professional, equine, organisational and financial context.

01 ESTABLISH

New centres & programmes

02 DEVELOP

Existing organisations

03 SUPERVISE

Long-term strategic support

VERA LANTELME-FAISAN, MSc

Physiotherapist | EAS Centre Development Consultant | Strategic Supervisor

01 / THE EXPERIENCE

A whole-centre perspective.

My work in Equine Assisted Services spans clinical practice, centre development, professional education and international leadership. I understand how decisions about services, equines, teams and management affect one another - because I have worked across these areas in practice.

EXPERIENCE THAT INFORMS THE ADVICE

- **SINCE 1999**

  Clinical practice in paediatric physiotherapy and Equine Assisted Physiotherapy, alongside professional teaching.

- **2004-2009**

  Helped establish an Equine Assisted Therapy service and professional training at a rehabilitation hospital in Saudi Arabia.

- **SVÍTÁNÍ CENTRE**

  As Head Physiotherapist, helped develop a local service into a professional centre with an extensive educational dimension.

- **PROFESSIONAL EDUCATION**

  More than 20 years developing and delivering professional EAS training, including accredited qualification programmes.

- **INTERNATIONAL LEADERSHIP**

  Eight years leading CEFTA; six years of international leadership within HETI, including three years as President.

WHO I WORK WITH

Founders & investors
Planning an EAS centre or new service

Existing centre directors
Improving quality and operations

Healthcare institutions
Developing clinical EAT programmes

Educational organisations
Building training and competencies

02 / THE PARTNERSHIP

Three ways to work together.

The scope is agreed around your organisation, its stage of development and the decisions you need to make.

01

START-UP & PROGRAMME DESIGN

For founders and institutions preparing a new EAS centre or service.

Professional concept, services, equine requirements, staffing, facilities, safety, financial planning and an implementation roadmap.

02

DEVELOPMENT & QUALITY IMPROVEMENT

For existing centres ready to strengthen or expand their work.

Review of service quality, team competencies, programme evaluation, equine welfare, operating systems and growth priorities.

03

STRATEGIC SUPERVISION & ADVISORY

For leadership teams seeking a long-term expert perspective.

Regular strategic discussions, guidance on difficult decisions, review of progress and support with organisational development.

A CONNECTED APPROACH

SERVICES & CLINICAL PRACTICE
Appropriate EAS disciplines and professional scope

EQUINES & WELFARE
Selection, preparation and monitoring

PEOPLE & EDUCATION
Team roles, competencies and training

SAFETY & QUALITY
Assessment, documentation and risk

OPERATIONS & FINANCE
Facilities, management and sustainability

STRATEGY & GROWTH
Leadership, partnerships and development

03 / THE NEXT STEP

REAL-WORLD PRACTICE / PROFESSIONAL EXPERIENCE

Let’s discuss your project.

Whether you are establishing a new EAS centre, expanding an existing service or seeking long-term strategic guidance, I welcome the opportunity to discuss your project. An introductory Zoom call can lead to a tailored proposal with a clear scope, deliverables and fee.

HOW WE BEGIN

01	Tell me about your project	02	Discuss your needs on Zoom	03	Receive a tailored proposal	04	Begin our collaboration

REQUEST AN INTRODUCTORY ZOOM CALL

Tell me briefly about your organisation or plans. I will contact you to arrange a meeting time.
